Body optimization  
Dance (Brazilian Zouk)  
Electric guitar

# Artur Helta

## React & Typescript Developer

I am self-taught (**NO** bootcamp). I get knowledge from many different online resources or some advices of more experienced programmers. My motivation gradually drives the development of my skills. I treat programming learning more as marathon than sprint. I prefer learning process based on small parts and regularity. I believe that my actual knowledge can deliver value to the company. My goal is to become Senior.

## PROJECTS

### Joom e-commerce platform clone

Live: <https://joom-clone.netlify.app>

*React, Typescript, Tailwind CSS, React Query, React Router v6, React Custom Hooks*

Code: [https://github.com/helter88/joom\\_clone\\_e-commerce](https://github.com/helter88/joom_clone_e-commerce)

I done the app by myself (**NO** ready tutorial). It is based on external API with products. There are implemented features like: search bar with search pointing system, add product to shopping cart, remember customer chosen products even if the page is leaved and more...

### Portfolio website

Live: <https://artur-helta-portfolio.netlify.app/>

*React, Typescript, CSS Modules Stylesheet, React Router v6, React Custom Hooks, React PDF Viewer*

Code: <https://github.com/helter88/portfolio-website>

I done the website by myself (**NO** ready template). The purpose was to show my frontend skills and projects. There are some animations, contact form with simple validation which works (I will receive your message) and more...

### Registration Form

Live: <https://registration-form-underline.netlify.app>

*React, Typescript, Tailwind CSS, React Custom Hooks*

Code: <https://github.com/helter88/Registration-Form-React-Typescript>

It was made for Underline start-up. It includes validation of user input. Validation is made as custom hook. Dropdown menu with languages opening when the flag is hovered

## EXPERIENCE

### Freelance / Self-taught

09.2021 - now

Registration form for Underline start-up as well as React components styled in BULMA  
Learning all technologies needed to make projects.

I hereby give consent for my personal data included in my application to be processed for the purposes of the recruitment process Services under the Personal Data Protection Act as of 29 August 1997, consolidated text: Journal of Laws 2016, item 922 as amended.
